

Early Learning Guided Tours

2nd Grade

Connect with science and nature at The Bishop!

2nd grade tours focus on concepts aligned to Florida State Standards. Students will explore each topic through guided activities in the Mosaic Backyard Universe, classrooms, and related exhibits, including the Parker Manatee Rehabilitation Habitat and/or The Planetarium.

Teachers may choose from these options:

Connections: Habitat, Sweet Habitat

Standards: SC.2.L.17.1, SC.2.L.17.2

Key Concepts: What are basic needs? What is a habitat, and how do habitats vary?

Includes: Visits to the Mosaic Backyard Universe, the Parker Manatee Rehabilitation Habitat, The Planetarium, Pine Uplands, and Riverine

Physical Science: What's the Matter?

Standards: SC.2.P.8.2, SC.2.P.8.3, SC.2.P.8.4

Key Concepts: What is matter? What are the different types of matter?

Includes: Visits to the Mosaic Backyard Universe, the Great Hall, Land of Change, The Planetarium, and the classroom

Each topic shown above represents a stand-alone tour. Tour topics and locations cannot be combined or exchanged.
