

Early Learning Field Trips Kindergarten

Connect with science and nature at The Bishop!

Kindergarten programs focus on concepts aligned to Florida State Standards. Students will explore each topic through guided activities in the Mosaic Backyard Universe, classrooms, and related exhibits, including the Parker Manatee Rehabilitation Habitat and/or The Planetarium.

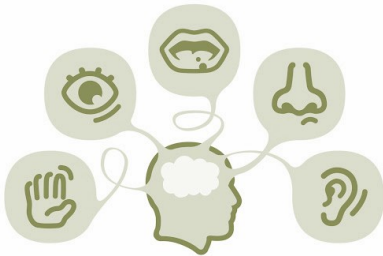

Teachers may choose from these options:

Connections: Making Sense

Standards: SC.K.N.1.2, SC.K.L.14.1

Key Concepts: Understanding our five main senses to explore the world around us

Includes: Visits to the Mosaic Backyard Universe, the Parker Manatee Rehabilitation Habitat, The Planetarium, and the classroom

Physical Science: Sounds Like Fun!

Standards: SC.K.P.10.1, SC.K.N.1.1

Key Concepts: What is sound? How does sound travel? Why is sound important?

Includes: Visits to the Mosaic Backyard Universe, the Great Hall, the Parker Manatee Rehabilitation Habitat, and the classroom

Each topic shown above represents a stand-alone program. Topics and locations cannot be combined or exchanged.
