Volunteer Application

*Thank you for your interest in volunteering to help **The Bishop's** staff and board achieve our vision:
"to ignite passion for science and nature to transform our community and our world."*

The Bishop Museum of Science and Nature is the largest natural and cultural history museum on Florida's Gulf Coast. In addition to permanent exhibitions and constantly changing temporary exhibitions, the Museum features an all-digital state-of-the-science *Planetarium*, the *Parker Manatee Rehabilitation Habitat*, and the *Mosaic Backyard Universe*, built just for young kids and their families. Our collections feature fossil evidence of Florida's earliest animal inhabitants and archaeological artifacts representing Paleo-Indian, Archaic, and pre-contact time periods. We also offer a series of educational programs and events that interpret the scientific and cultural knowledge of Florida, the world, and our universe.
